Description

The 470 SKYDECK joins the lineup bringing even more innovation to the Galeon Third Generation range. Based on the successful 460 FLY, it shares the same hull design and main deck layout allowing for great space for passengers and activities.

Where the SKYDECK truly shines is in the design department. With its sleek lines, one can easily mistake it for a hardtop model, and yet it offers a top deck neatly hidden away with a soft roof. Find a complete helm station with space for leisure on the sport flybridge.

A NEW PROJECT FROM GALEON COMING SOON!

The main deck is fitted with a galley, dinette and plenty of storage areas to stow away items. The optional Beach Mode allows to drop down both sides and create a vast area near the cockpit, perfect for entertaining guests. Three different cockpit solutions are available, including the popular roto-seat option. Bow area can be fitted with an automatic settee for even more convenience outside.

Down below three cabins and two bathrooms await the guests. The guest cabins offer a double in the bow area, and bunk beds starboard side. The owner's cabin is located midship with an ensuite bathroom for extra privacy. Several engine options will be available along with a variety of navigational equipment and several interior design decors.
