

430 HTC

The 430 Htc embodies a sporty character in compact form.

Galeon is extending and refreshing its mid-range segment with a hardtop variant of the acclaimed 420 Fly. The main focus during the design was to flawlessly integrate a bright and welcoming interior with the sporty and dynamic character of the 430.

The forward-facing glass roof effortlessly slides back yet is quick to close if the weather gets harsh. A single, sliding panel over the cockpit area opens this area up and the patio doors allow for easy access to the saloon.

The aft-facing loungers will slide when needed, creating either a great dining or leisure area at the stern.

The main deck boasts plenty of space and features a dining table, sitting areas, a well-equipped helmsman's station and a galley (which can be moved down below). Similar to the 420, the sliding bed raises the number of berths to a class-leading eight. The plethora of interior design options allow for the yacht to be fully customized.

Choose between two or three bedrooms down below - all with ample headroom, and make use of two separate bathrooms for opti-

mum comfort and privacy. The 430 features a stylish, relaxing interior thanks to high-quality fabrics, luxury fittings and top-of-the-line equipment.

IPS, shaft, sterndrive, Aquadrive and Axius systems are among the wide variety of propulsion options included. Bring the yacht to its full potential and take advantage of its precise handling with one of the high-power engines, or focus on comfort and fuel efficiency with others.

The 430 HTC is the perfect yacht for the customer who demands comfort, sophistication, and performance.

The 430 Htc has a large, automatic glass sunroof

Transformable cockpit seating

The cockpit settee can be turned into a sundeck
