## 650 SKY

The 650 SKYDECK is bound to impress even the harshest sceptics with its incredible features and innovations when it comes to space distribution, volume and functionality. As a twin model of the amazing 640 FLY, it pushes the envelope even further with the addition of the glass sunroof and the top deck that can be closed off completely.

Developed alongside the incredible 640 FLY, the SKYDECK mirrors all its revolutionary solutions while offering a more sporty design with the ability to close off the top deck completely.
