800 FLY

In Galeon 800 FLY the subtle design from Tony Castro, expressed in soft lines and rounded structural elements, is noticeable at first glance. More over, advanced navigation electronics and the latest technologies used on this fourth generation yacht ensure the safety and comfort of all passengers.

Thanks to many years of experience, passed down in our company from generation to generation, we have created the Galeon 800 FLY, which combines a sporty silhouette and impressive performance with a sense of space and luxury previously reserved only for megayachts.
