

The World's ultimate dive scooter—a true testament to the skills of the designers and engineers at iAQUA. The high-tech carbon-fibre body reduces weight, and increases strength. The motor produces over 5.3 kW of power and delivers a thrust of 770 Newtons making the the Xtreme the World's fastest and most powerful dive scooter. This incredible thrust can propel you through the water at speeds of up to 25 kph, and gets you there in under 3 seconds.
