

GALEON 780 *Crystal*

The 780 CRYSTAL is more than just a flagship model – it is a showcase of engineering, design and technological prowess. The stunning exterior created by Tony Castro Naval Architects offers an abundance of space on all three decks. The clever seating arrangement on the flybridge allows for the placement of an optional hot tub, comfortable sunbeds, second steering station and a wet bar for the guests to enjoy.

The cockpit offers easy access to the bar on the main deck and to the bow leisure area, which is protected by an automatic Bimini system. The main deck with leisure and entertainment areas is always bathed in sunlight thanks to the broad side windows, large sliding doors and an automatic glass panel roof. Below, all four guest quarters have private in-suite bathrooms for extra comfort and privacy.

A FLAGSHIP MODEL AND SHOWCASE OF GALEON ENGINEERING, THE 780 CRYSTAL OFFERS SUPERIOR HANDLING AND PERFORMANCE COUPLED WITH A STUNNING, HIGHLY CUSTOMIZABLE INTERIOR AND A PLETHORA OF OPTIONAL EQUIPMENT.

The exciting line of the CRYSTAL in no way compromises the amount of natural light available in any of the cabins. The spacious owner's cabin is fitted with a double bed and offers both an en suite bathroom and a walk-in wardrobe complete with a safe for valuables for the guest's convenience. The spacious forward VIP cabin holds a variety of closets and storage spaces while both guest cabins, which are located at the sides of the yacht, have twin berths for a total of eight on the lower deck.

The captain will surely make use of the integrated monitoring system, which keeps track of all the important data, while the crew will appreciate their quarters with two beds, a galley and a separate bathroom. The powerful, hydraulic stern platform comes standard and will handle any watercraft.
